Prof. Dr. Ing. Mario Manassero
Land, Environment and Geo-Engineering
Department
Faculty of Engineering

Prot. n. 8/2010

Torino, 12.06.2012

To Member Societies of ISSMGE

- Cc: ISSMGE President
Prof. Jean-Louis Briaud
- Cc: Co-Chairman of TOC
Prof. Suzanne Lacasse
Prof. Kjell Karlsrud
- Cc: Vice-Chairman of TOC
Prof. Michele Jamiolkowski
- Cc: Secretary of TOC
Prof. Kenichi Soga

Subject: Call for Nomination for the **R. KERRY ROWE LECTURE**

The ISSMGE and TC215 on Environmental Geotechnics have established the R. Kerry Rowe Lecture in recognition of Professor Rowe outstanding impact in the field of Environmental Geotechnics and excellence in scholarly achievements. The lecture is to be given at the opening plenary session of the Environmental Geotechnics Congress held every 4 years. The inaugural lecture is scheduled to be given at the 18th International Conference on Soil Mechanics and Geotechnical Engineering to be held in Paris, France, in September 2013 and at the 7th International Congress on Environmental Geotechnics to be held in Melbourne, Australia, in November 2014.

The lecturer is a person selected by a sub-committee of TC215 Committee as having made a distinguished recent contribution to the theory and practice of Environmental Geotechnics.

Nominations should be made through the National Societies to the Chair of TC 215 on Environmental Geotechnics. A supporting letter and a CV of the nominee (including a list of publications) should be sent to Professor Mario Manassero (mario.manassero@polito.it) by 30 August 2012.

With my best wishes,

Mario Manassero
(TC215 Chairman)
